

Book small, drive big – Free upgrade for car hire in Cyprus

carhiremarket.com, the car hire price comparison website, is going to sweeten its customer's holiday in Cyprus: Anyone who books a rental car with the supplier Sixt Cyprus is getting a free car category upgrade. On top of that, there is no extra fee for the first additional driver of the hired car.

Everyone is dreaming about a holiday on a sunny, Mediterranean island and therefore one should immediately take this awesome upgrade opportunity Sixt Cyprus is offering. Thanks to the cooperation with Sixt Cyprus, every customer gets a free car category upgrade without paying one penny extra. This offer is valid until the 31st of August 2010, so you should not hesitate but book now. A Suzuki Alto or a similar car labelled category A will be upgraded to a much more spacious car like e.g. the Kia Piccanto, which belongs to the Economy class car category. Other category upgrades will be from B1 to B2 and from C1 to C2. Note that this upgrade will happen automatically during the booking with the supplier Sixt Cyprus.

And there is even more to it than that: Besides driving big, but paying small, one does not have to pay extra money for the first additional driver. Therefore also the main driver can relax on the co-driver seat from time to time. This helps to keep the rental car expenses extra small, since many other car rental companies would charge extra for this benefit.

Now pay attention: This great special is only valid when the car hire is made from the 6th of April until the 6th of May 2010 with the supplier Sixt Cyprus. Pick-up of the rental car is possible until the 31st of August.
